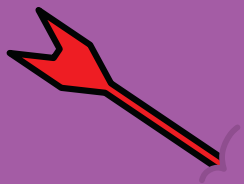
Sagittarius

The Archer

November 23 to December 21

YOU are honest, optimistic, and savvy.

OTHER Sagittarians are careless, blunt, and irresponsible. Also, those *other* Sagittarians are not terribly welcome at parties — shooting arrows everywhere and clomping around, always asking for hay sandwiches and apologizing the next day for pooping on the lawn.

LIKES Traveling, freedom, and having a person head and a horse body instead of the other way around.


DISLIKES Standing around, fussy people, and huge slobs that always want a horsey-back ride.
